## BACKGROUND

The Gov. H. Guy Kump House, located at the crossroads of Elkins, is one of the most visible and important historic structures in Randolph County. Today, it is being restored and used for special educational programming. However, it is imperative to have improved ADA access and provide a higher level of safety for those entering the home. Currently, elderly and disabled individuals cannot access our historic building without challenges. This project will create safer entrances for both those groups. With support from the county, we can increase the number and diversity of our visitors. This will add another more accessible Randolph County tourism asset.

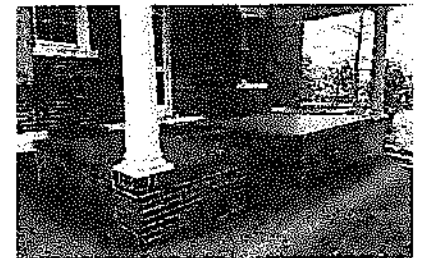

Side portico

## PROJECT DESCRIPTION

The project includes adding steel handrails up the steps at the formal front entrance and in the two stairwells under the side portico, and around the side porch deck. These improvements will make young and old visitors much safer when they go up the steps and stand on the porch deck. It will also help stop wheelchairs from rolling off the side porch when we add a wheelchair lift beside the porch to give full ADA access to our historic spaces. Marvin Hershey will perform construction work with Hershey's Welding, LLC (Montrose, WV), he has done several projects for the home as well as for the historic Darden House.

## EXPANDING ECONOMIC OPPORTUNITIES

The goal is to improve the visitor experience at the Kump House by creating a more inviting and safer atmosphere for all generations. The Kump Education Center (KEC) plans to offer more themed open houses and public tour hours starting this summer and some of these events would be of particular interest to older visitors. These efforts, along with other projects the KEC will be working on, will increase the interest in our site and our offerings. Therefore, we wish to be as accessible as possible.

Because the Kump House is located only an hour away from Blackwater, Kumbrabow and Canaan Valley state parks and an hour and a half from Snowshoe, it can provide an additional indoor/outdoor attraction for those visiting Randolph County. The Kump House joins Arthurdale and the Homestead School as another New Deal-era historic site reflecting that critical time in West Virginia's history.

The Kump House is easy to find at the intersection of highways 250, 219, 92 and 48. In December 2021, the KEC Holiday Open House attracted approximately 200 visitors over the weekend despite covid concerns.

## REQUEST

The estimate for the project is currently \$7,500. KEC is requesting as much support the Commission can offer to help with this necessary improvement. It will allow KEC to open its doors to more diverse visitors and share the home's and Randolph County's unique history.

Dear Randolph County Commisison,

For over 25 years, the Randolph County Hooked on Fishing Not on Drugs (HOFNOD) organization has strived to maintain its annual expo to continue educating area youth about the dangers of drugs, while promoting outdoor recreation. We are writing to both request your continued support of this annual event and to experience firsthand the pride that we take in making HOFNOD possible.

HOFNOD 2022 is set for 10am-4pm May 14 at the Phil Gainer Community Center. We will continue to work closely with local resources to provide education and resources during the event. Every booth and activity will be in direct correlation with the anti-drug and/or pro-outdoor recreation message. Local law enforcement will be actively involved, and officers will be available in a low-key environment to interact with attendees, talk with children about healthy life choices, and display their vehicles -- and other tools of the trade.

HOFNOD is all about experiential education. Our supporting organizations will host different activities that will support the intended message. There will be no selling of any goods at this year's event and each activity will be free to participate. We believe that participating youth will take more away from these experiential learning "attractions" than they do brochures and goody bags. Our hope is that these experiences set the stage for the children and teens to find an activity they are passionate about or identify with. Returning attractions include a climbing wall, gemstone mine, shooting range, birds of prey exhibit and fishing pond. In addition to these attractions, there will be over \$5,000 in door prizes given away to youth participants throughout the day -- from fishing poles to lifetime hunting/fishing licenses.

The education and resources that HOFNOD provides in Randolph County is more important than ever. Members of local government and law enforcement have been working feverishly to spotlight the drug abuse problem across our region and take initiative to prevent its spread. Organizations like HOFNOD provide an integral piece of this education and support for alternatives to our youth.

A \$5,000 contribution from the Randolph County Commission will finance feature attractions so our youth can continue to participate for free. I'm available to discuss more details or answer any questions you may have. You can reach me by phone at 304-591-1410 or by email at [clee@cityofelkinswv.com](mailto:clee@cityofelkinswv.com)

Sincerely,

Chris Lee

\$50,000 - ARP Fund 2022

February 2, 2022

Randolph County Commission  
4 Randolph Avenue, Suite 102  
Elkins, West Virginia 26241

Dear Commissioners:

The City of Elkins, and Randolph County, would be a different place without Davis & Elkins College. Established in 1904, with sponsorship from the Presbyterian Church, the College was founded to create access to education for the citizens of Elkins and the surrounding rural Appalachian region. The College has been true to that mission and, to this day, remains the primary college serving a more than 4,000 square-mile area. Currently, just under 700 students call Elkins/Randolph County home. On top of that, Davis & Elkins College has nearly 300 in the employee ranks. Consequently, an additional 1,000 people contribute to Randolph County daily and in a multitude of ways. In addition, since joining the Mountain East Conference in 2019, the Senators now host teams from colleges near Elkins and throughout the state. It is common for these teams to bring fans to our athletic contests with family members from both teams counted among the spectators. Davis & Elkins College celebrates our partnership with the City of Elkins and are thankful for the welcoming spirit of its businesses and residents.

Davis & Elkins College is currently working to complete two capital projects, both will have a positive impact on Randolph County:

**Refresh of the Outdoor Amphitheatre:** The venue for community events like the Mountain State Forest Festival Coronation and Fourth of July Celebration, the Outdoor Amphitheatre is in dire need of attention. Overgrown trees and crumbling concrete have made the venue unsightly and unsafe. Citizens Bank of West Virginia has committed partial funding in support of this project in partnership with D&E to renovate the Outdoor Amphitheatre. As we continue to navigate the COVID-19 pandemic, the Outdoor Amphitheatre is the perfect outdoor venue to safely gather for community events. The enclosed renderings detail the renovation in greater detail. 225 K

**Nuttall Field Improvements:** In February 2013, College leaders decided to install a new synthetic surface to alleviate the poor condition of the previous surface due to poor drainage. Through the teamwork and dedication of alumni, friends, and trustees, \$600,000 was raised and Nuttall Field was dedicated in October 2013. A similar group of alumni, friends, and trustees pulled together to raise an additional \$200,000 to install lighting at Nuttall Field in 2016 in order to increase the capacity for hosting competitions. Due to these improvements, Nuttall Field has hosted numerous teams and training camps for youth groups and schools from the region. The time has come to now elevate the ancillary features of Nuttall Field with the addition of a press box and team bathrooms. Time is of the essence to complete this project, with the recent announcement that Davis & Elkins College will host the Boys and Girls WV Scholastic Lacrosse Championships on Saturday, May 21, 2022 at Nuttall Field. We are being told that this is the first time the event will be held on a college campus and feel it will be a great opportunity to showcase our campus, the City of Elkins and Randolph County to prospective students and their families. In both cases, a press box has been requested to host the "higher profile" competitions. Renderings are enclosed once again for your review. 232 K

In closing, Davis & Elkins College respectfully requests \$100,000 from the Randolph County Commission in support of these projects that will benefit our city, our county, and our college.

Sincerely,

Scott D. Goddard
